I'm sorry to say this, but if your newsletter address label shows a date ending in 01, THIS WILL BE YOUR LAST NEWSLETTER! So please, complete the membership renewal app in this newsletter and send it in right way so you don't miss out on the latest 3RVS information.

If you receive this newsletter by email, well, you can't check the date cuz their ain't one. So, I guess the only way for you to know for sure is either check your records, or call/email our membership chairperson Leslie (see last page).

## Who Let The Dogs Out? WHO, WHO?

### April Program Preview

The weather finally has turned nice, and you are out enjoying a pleasant early Spring ride. All of a sudden, two huge, black, barking dogs are streaking toward you from a farmhouse. What do you do?

We will learn the best methods for handling pesky dogs at the next 3RVS meeting on Thursday, April 5. Belinda Lewis, a cyclist and director of Fort Wayne Animal Control, will be the speaker. The meeting is at 7:30 p.m. at First Wayne Street United Methodist Church.

Belinda will talk with us about the correct response to dogs while cycling. Her presentation also will include bite prevention, how to handle animals showing aggression and basic self-defense tactics regarding animals. Belinda will tell us too where to report dogs running loose or causing a problem.

Director of Fort Wayne Animal Control for the past 13 years, Belinda holds an undergraduate degree from Northern Illinois University and a master's degree from Indiana Wesleyan University. She originally is from Chicago and lived in Alpena, Mich., and Evansville before coming to Fort Wayne.

An avid cyclist, Belinda said she cannot remember when she didn't ride. She intensified her riding about 12 years ago, when she met her husband, Matt Lewis. They decided to buy some hybrid bikes and see if they enjoyed riding together.

Belinda said she will never forget the Schwinn and Trek hybrids that were the bikes the couple purchased first. Those bikes held up really well considering that they rode them off-road as well as on the road, Belinda said.

They ultimately purchased mountain bikes and then road bikes. The couple now keeps their mountain bikes at their home in northern Michigan. The road bikes are in Fort Wayne, where they do their road riding. They also have a tandem. Matt Lewis is a police officer and a trainer for the Law Enforcement Bicycle Association.

Belinda and Matt have participated in 3RVS Club rides, including the Urban Exploring Rides. They were not as active in cycling last year as in previous years because they purchased dual-purpose motorcycles and spent time riding them. This Summer, they plan to resume their cycling.

Please plan to attend the Club meeting on April 4 to hear Belinda's presentation about how to handle those pesky dogs that plague all of us on rides.

## President's Message

The first two Club events of this year's cycling season are not far away. Touring Director Kathy Boling is planning our New Riders' Ride for Sunday, April 1, beginning at Carroll High School. May Madness, our first Tour of the year, will be on Saturday, May 12, at Wayne High School.

Last year's New Riders' Ride was a big success. This Ride was a success last year because of Touring Director Kathy Boling's careful planning and because of many of you. Several 3RVS members participated by greeting the new people, riding with them and making the new riders feel welcome.

The New Riders' Ride is an opportunity for our members to share their enthusiasm for cycling with people new to our Club and some who are new to cycling. Please take time to attend the New Riders' Ride and make a special effort to ride with the new cyclists. Your attentiveness to a new person could make the difference as to whether that person comes back to another Club ride or even whether that person continues cycling. Kathy, is there any significance to the New Riders' Ride being on April Fools Day? I'm sure Kathy will let us know.

May Madness Chairs Mike Bedwell and Doug Myers have been working hard to make May Madness a grand event again this year. They even are promising that the wind will die down for May Madness 2001, which has not been the case the past few years.

May Madness is an inexpensive ride which gives newer cyclists a chance to try a tour early in the season. It also gives veterans an opportunity to start their riding season off right. Doug and Mike will be looking for volunteers to help with May Madness. They will need roving sag drivers and persons to work at the sag stops. Our Club cannot put on an event like May Madness without your help. Please contact Doug or Mike at [maymadness@3rvs.com](mailto:maymadness@3rvs.com) and volunteer to help with this Club event.

Becoming involved in the activities of 3RVS is a way to make lifetime friendships. I enjoy many close friendships with persons I have met through 3RVS and through cycling. I had an opportunity to think about this fact recently when I was out for dinner with a friend and saw Charlie and Dorothy Diehl. Charlie is a long-time 3RVS member, whom I have known for several years. Charlie and Dorothy live in Andrews, and I hadn't seen them since the Pokagon Overnighter last Fall. We decided to have dinner together, and we had a great time. Charlie told us some interesting stories about his successes this Winter with cross-country skiing. It was a nice feeling to know that even though we hadn't seen each other for a while, we could pick up where we had left off and continue our friendship.

I will look forward to seeing you at the New Riders' Ride on April 1, at Club rides in April and at May Madness on May 12. *Karen*

## Meet Our New Publicity Director, Scott Hill

New 3RVS member Scott Hill has stepped forward and volunteered to take over the position of Publicity Director. That position has remained unfilled since last year.

Scott has a great sense of humor and will fit in well with the wonderful group of cyclists who are serving as 3RVS officers this year. As Publicity Director, Scott will be responsible for getting the word out about Club events, as well as serving on the Club's Board of Directors.

Scott went to high school in Fort Wayne and has both his undergraduate and law degrees from Indiana University in Bloomington. He and his wife, Catherine, lived in Evansville before moving to Fort Wayne last August. Scott is a lawyer with the Beckman Lawson law firm in Fort Wayne, where he specializes in employment law.

Scott began riding about 9 years ago, after completing undergraduate school. Both he and his wife have done mountain bike racing and some road racing. Catherine was mountain bike racing champion in the Expert class for all of Indiana in 1996.

Scott says he has become so involved in cycling it has come between him and his golf game. His favorite tour is Hilly Hundred (spoken like a true I.U. grad). His favorite mountain bike trail is the Land Between the Lakes trail in Kentucky. Scott also plays the banjo and takes ballroom dancing lessons. He will play or dance or both at the next Club party.

Thanks, Scott, for volunteering for Publicity Director. We will look forward to working and riding with Scott and Catherine, who are very positive additions to our Club. *Karen*

### Join Us At Saturn *(The church, not the planet)*

Saturn touring rides will begin the first Wednesday in April, (April 4), starting from Saturn Christian Church. The rides are every Wednesday at 6 p.m. The Church is located on County Road 800 South in Whitley County, just about a mile west of County Line Road.

The Saturn rides will be on a show-and-go basis in April if the temperature is over 50, no rain and not too much wind. There will be no ride leader for April. We will meet, and the group will decide how far and where we will ride.

The Saturn group is a cohesive and fun group of tourists, who ride a moderate to quick touring pace. In the Summer we average 16 to 18 miles an hour. Our distances for these rides range up to 30 miles during the Summer. In April, we will start with shorter distances and an average speed around 15. That is, until we get back into the shape we were in last Summer. Then we can start cranking it up again.

If you want to do the Saturn rides this year, starting with us early in the season would be helpful. That way, you can progress with the group. And, it is easier to brush up on group riding skills with a group that is smaller than on the weekend rides.

County Line Road runs north and south between Allen and Whitley Counties. You can reach it from Illinois Road or West Jefferson (U.S. 24). Those who live on the Southwest side can take Aboite Center Road and turn right on County Line. Then just turn east (left from the south and right from the north) on 800 South and go about a mile. There are signs pointing to the Church from County Line Road.

The Saturn regulars are a great group of cyclists. So, if you can get there on Wednesday evenings, please join us. Feel free to email questions about this rides to [president@3rvs.com](mailto:president@3rvs.com).

### A Call For Help From Kathy Boling ...

We are into another year of cycling. The weather is starting to give you the urge to get out and ride. You have had your bike into your favorite bike shop for a tune up. The starting places, routes and times have been set. **But, there is a problem. There may not be any maps of the routes unless YOU get them there.**

I made copies of all the maps to have at least 30 maps at each of the spring rides and 50 maps at each of the summer rides. **I just have no way of getting them to the Saturday and Sunday rides.**

If you know you are going to the ride by Thursday or Friday of that week, please contact me. I will have maps at the store or will get them to you. Please call or email me, **Kathy Boling** 3RVS Touring Director, Koehlinger Cycling and Fitness 219-432-5526 M, W, Th, F, Sat. or email me at [bikemom@ctlnet.com](mailto:bikemom@ctlnet.com).

## YART - Yet Another Race Team?

While the complete details won't be released until next month, there is a rumor that there is another race team being affiliated with Three Rivers Velo Sport!

Be sure to check back next month for all the information about this exciting development in the Fort Wayne cycling race scene!

### Knock -Knock!

Who's there?    Who's!    Who's who?

It's funny you ask now, but next time we come a knock'n, 3RVS racers will be a rock'n. It has been a long winter, but it seems as if the local racers have fared well. The 2001 racing season should prove to be the biggest and fastest that this club has ever seen.

We have more new racers this year than we have seen for a long time. And with them, they bring a lot of new spirit. I really believe that Fort Wayne has the best racers in the state. So sit back and watch as our local racers reel in the stats, and let it be known that Fort Wayne is one tough city.

## IPFW Health Fair

The Annual Health Fair held at IPFW was held on March 28 and 3RVS was again present and accounted for! Kit Conrad helped to organize the setup and club members Max Tinkel and Cindy Souers staffed the booth.

Our display had videos, newsletters, brochures and other cycling information. Plus, our wonderful volunteers!

The Health Fair helps to promote healthy living and life styles, and has displays set up from many local groups. 3RVS wants to thank Kit, Max and Cindy for helping to publicize our Club and provide information about how to be healthy.

## 2nd Annual New Riders Ride Scheduled

Lots of touring announcements this month, aren't there? Next, **April 1 is The 3RVS Official First Ride Of The Year.** Yes, we're already a full month into the regularly scheduled touring rides. April 1st, however, is the day that we designate as the New Riders Ride. Now in its second year, this ride welcomes riders new to the Club or to group riding.

The routes are all marked with Dan Henry's, so if you get lost, you really had to try! Hopefully there will be maps too (see Call For Help on page 3 of this newsletter). There are the usual rest stops along the way at gas station/quicky marts, so be sure to bring some change to buy some snacks.

While we always try to make riders new to the Club feel welcome, let's make sure that no one rides alone on this ride. Please come and ride with someone new to cycling in a group.

## April Fat Tired Rides

**From the Fat Tired Guy:** Urban exploring is a blast! If you haven't tried it, why not make it a priority in April? Jim says, "It makes you feel like a kid again." Want to be a few years younger? Join us for an upcoming foray into the urban wilderness.

**Sunday, 4-1: PORE** -- For you Winnie the Pooh aficionados, it rhymes with Eeyore and stands for Polar Off Road Exploring. don't miss this chance to ride in two hemispheres in the same day. Please have a waiver or show evidence that you are physically able to be beamed to the North Pole. Alternate routes are planned in case the weather or other factors force a cancellation. Meet at Foster Park, 3 PM.

**Saturday, 4-7: Off-Road at Huntington Reservoir** -- Huntington is a challenging but not so tough that it is discouraging. Meet at Meijer on Illinois Road at 10 AM for carpool, or at the North Observation parking lot at 10:45 AM.

**Sunday, 4-7: Urban Exploring from Appleseed Park** -- There seems to be no end to the new places to explore in the urban wilds. The Quest continues! Time: 3 PM.

**Saturday, 4-14: Epic UORE** -- Do you think we can ride by 30 city parks in 3 hours? Betcha we can. Meet at 11 AM at Lawton Park.

**Saturday, 4-21: Real Off-Road at Fort Custer** -- If you've ridden at Custer you know why it is a top favorite! If you haven't, you need to find out. This State Recreation Area features 40 miles of off-road trails. Meet at Bob Evans, Dupont Rd. at I-69 at 9 AM.

**Sunday, 4-22: More UORE** -- it stands for Urban Off Road Exploring for you who are new to "Fat Lingo". We'll leave from Foster Park at 3 PM for a ride through the great Southwest.

**Saturday, 4-28: Urban Singletrack** -- Franke Park features some of the best urban trails in the area. We hope to check out some of the out-of-the-way sections of the park and might just have the opportunity to enjoy some early blooming wildflowers. Park at the BMX track. FTG plans to arrive at 10 AM.

## Mountain Biking in the Hoosier National Forest

A short drive to southern Indiana will bring you to some of the nicest MTB trails in Indiana. The following descriptions are for a rider of intermediate ability. Best riding is in June, September and October. Ticks are common anytime the leaves are green. Trails are shared with hikers and horses, so please be considerate. I will present at least one trail description monthly.

### Birdseye

Location: About 20 miles southeast of Jasper in western Crawford county.  
Length: 10-mile loop, though it's easy to put together longer rides w/some backtracking  
Skill Level: Easy, very little technical riding except for a few steep climbs  
Description: A favorite, offering a mix of singletrack and fire road. Along the way are a lake, creeks, stands of hardwoods, old homesteads and a cemetery.

### Nebo Ridge

Location: About 20 miles south of Nashville, near Story  
Length: 16-mile out -and-back  
Skill Level: Moderate, with lots of short climbs  
Aerobic Level: Moderate because of the climbs  
Description: A roller coaster singletrack trip through the woods. May be most popular MTB trail in the state!

## *Quick Release*

This is a publication of 3 Rivers Velo Sport, Inc., as the astute reader would have learned from the top of page 1. It is published 12 or so times a year, and is distributed to all club members free of charge. Well, you do have to pay your dues to receive *Quick Release*, but beside that small detail, it's free of charge to members.

## *3 Rivers Velo Sport*

3RVS Inc. is a bicycling organization based in Fort Wayne, Indiana which promotes bicycling as a healthy, fun, energy efficient, lifelong activity for persons of all ages. The club sponsors a range of activities offering the benefits of group cycling to riders interested in touring, racing and off-road riding. Special thanks to the following:

Webmaster ..... Michael Heyes

HOOTS is a state-wide bicycling organization dedicated to promoting and supporting tandem riding in Indiana. HOOTS, formerly known as TOIs, has been in existence for 7 years and currently exists as a subgroup of CIBA, the Central Indiana bicycling Association. HOOTS is making an effort this year to broaden its involvement in various cycling activities across the state.

Each month, an existing ride will be selected as a HOOT's gathering. Tandem riders will be encouraged to meet and ride each selected ride as a group. HOOTS

will try to select rides from various areas throughout Indiana as much as possible.

The following rides have been designated as HOOTs tandem gatherings as far. For more information about HOOTs' plans for each ride listed, call the people listed:

**W**ell, it's about time to start thinking about the summer. This winter seems to have been the longest we've ever had, and we never had any of those 50-60 degree teasers that we usually have! Besides riding the fat tired bike and rolling on the wind trainer, I've been busy building the foundation for our annual club invitational, the Three Rivers Festival Bicycle Tour and Race. The important date for all of you to remember is **SUNDAY JULY 15, 2001**.

The start/finish location has been changed to nearby Hickory Center Elementary School off of Bethel Rd. The riders will have showers available, and a very nice cafetorium will be a comfortable spa for our post-ride lunch and racing awards ceremony. Susan Hunt, our foodmeister, will be a wide-awake hostess with the mostest!

We've got the food stops reserved, and the routes are already mapped out. The big goal for 2001 is not to have anyone get lost. This will be tough as our routes are composed of many loops connected together. But, with the diligent help from Greg Duncan, Phil Snider, Gene Dixon, and many others we will tackle this and erase those 2000 memories!

The road route stays the same, but the gravel road route ride has been revamped quite a lot and will have three mileage options. If anyone wants to do "something different" for 2001, the GRRR is it, and the 41 mile option is quite a challenge waiting to be conquered!

We learned a lot from the road race we put on last year, and we are going to build up this race that may surprise a few people. The route will be a lot shorter, safer, and simpler for the racers; it should also be better for any spectators who come out. We've expanded the categories from two to three, and there are a lot more chances to win some prizes. Did I mention prizes? Although there are no cash prizes, our total prize purse went from last year's \$300 to a whopping \$800 worth of gift certificates and merchandise. We've even got some prizes to make the north part of the race course just a little more interesting!

3RVS is also venturing into the world of commercial sponsors for our grand event. The two bike shops, Koehlinger's and Summit City, have assisted us in the past with the water bottles and the race prizes, but this year they've increased their support and each have included their respective bicycle companies, Trek and Specialized, in the prize board. Ft Wayne is awful lucky to have two great shops, and although competing through sales, they cooperate for the love of our sport!

Meijer will be donating some funds for our paint and food and drink. 3RF is also entering the 21st century by having all the sag vehicles, food stops and registration area manned by cell phones with minutes provided by Verizon.

Last year was a 3RVS learning experience for me. I couldn't believe all the volunteers and how everyone came through in 2000. I'm anticipating the same for this year.

### WHAT YOU CAN DO NOW FOR 3RF 2001

The demographics of the 2000 riders show that 203 riders, about 2/3, were from Ft Wayne, and another 62 were from NE Indiana.

There are lots of riders in this Great Lakes area that need to find out Ft Wayne and Three Rivers Festival (3RF). Not only do we have a great bicycling event, but we also have a great festival in the city the entire week.

Inviting your biking buddies and their families from other locales would greatly enhance our ride. So, ALWAYS mention our tour at the family reunions, at TOSRV and other spring rides.

If you travel to any weekend tours, make sure to drop off a packet of our 3RF fliers (just call 219-471-7142). As one of my helmets attests, I love to see lots of states represented!
